THE SCHOOL

Founded in 1962, Fort Worth Country Day (FWCD) is an independent, coeducational, nondenominational college-preparatory school located on approximately 100 acres in southwest Fort Worth. Named one of the "Most Liveable Communities," Fort Worth is the nation's 12th-largest city. A major center for industry, technology and transportation, Fort Worth is home to many corporations, including American Airlines, Bell Helicopter and Lockheed Martin. Fort Worth also boasts several world-renowned museums and a thriving performing arts scene.

ACCREDITATION/MEMBERSHIPS

FWCD is accredited by the Independent Schools Association of the Southwest (ISAS). It holds membership in the Association of College Counselors in Independent Schools (ACCIS), National Association of Independent Schools (NAIS), the National Association for College Admission Counseling (NACAC), the Texas Association for College Admission Counseling (TACAC), The College Board, the Educational Records Bureau (ERB) and the NAIS School & Student Service for Financial Aid (SSS).

CAMPUS HIGHLIGHTS AND RECOGNITIONS

Malone Scholars Program - The Malone Family Foundation and FWCD share the goal of preparing gifted, talented students for success in secondary school and in college. Funded by a \$2 million endowment grant from the Malone Family Foundation, top-level students (entering grades 7-12) with demonstrated financial need may apply to become **Malone Scholars**. The scholarship covers FWCD tuition, fees and other expenses.

The Malone Schools Online Network (MSON) provides FWCD upper school students, and other high school students enrolled at Malone Schools, with a variety of superior courses offered in an online classroom, enhancing FWCD's existing college preparatory curriculum. MSON courses use the Stanford University Online High School (OHS) virtual seminar model, and are taught by teachers from FWCD, OHS and the 26 other Malone Schools currently participating in the network.

Bass Scholars - The Edward P. Bass Scholarship, a need-based scholarship at FWCD, recognizes a new Upper School student who demonstrates outstanding academic achievement and potential for leadership.

Breakthrough Fort Worth is a tuition-free educational opportunity in which talented high school and college students teach promising middle school students from the Fort Worth Independent School District. **The Reilly Family Foundation/Breakthrough Fort Worth Scholarship** is a four- or five-year merit/need-based scholarship presented to Breakthrough Fort Worth students entering Grade 8 or 9. **Reilly Scholars** are academically talented students who demonstrate financial need.

Capstone is an interdisciplinary, summary exercise consisting of four components: exploration, research, a final project, and presentation. The purpose of the Capstone is to foster intellectual curiosity, educational purpose and engagement as students conclude their Upper School experience at FWCD. The Capstone program provides time, structure, and resources to develop a student's passion examining questions beyond the constraints of traditional classes and academic disciplines. At its conclusion, students, share their work with the school community and articulate their growth.

Cum Laude Society - FWCD carefully selects no more than 10 percent of the junior class and an additional 10 percent of the senior class into the national organization that recognizes excellence, justice and honor. Only 13 other high schools in the state of Texas have Cum Laude chapters.

ENROLLMENT

FWCD enrolls 1,089 students in Junior Kindergarten through Grade 12. Upper School (9-12) enrollment is 362. **The Class of 2023 has 94 members.**

ACADEMIC PROGRAM

The Upper School curriculum is listed on the Curriculum Offerings chart and available online at fwcd.org.

Average Classroom - 12 students

Upper School Faculty - 40

Student-to-Faculty Ratio - 10:1

Classes meet for 75 minutes four times each during a 7-day cycle; 5 cycles per quarter; 17 weeks per semester.

GRADING SYSTEM

- 90-100 = Excellent
- 80-89 = Very good
- 70-79 = Competent
- 60-69 = Weak
- 40-59 = Failing

Honors, Advanced Placement, and MSON courses have three points added to the course grade. Those three points are included in the grades reported on the transcript.

When calculating GPA all courses, except Link Crew, are given full value. Link Crew receives half value. A GPA for each year is calculated and included on the transcript.

Additionally, the transcript shows an Indexed GPA. FWCD's Indexed GPA takes into account the rigor of the School's academic program, and reflects the difference in point value between the highest student GPA in the class and 100. *The highest cumulative GPA in the Class of 2023 is 99.22, so the Indexed GPA is calculated by adding .78 to each student's cumulative GPA.*

Because FWCD grades and GPA do not exceed 100, it is mathematically impossible for a GPA converted to a 4.0 scale to exceed 4.0.

GPA DISTRIBUTION FOR THE CLASS OF 2023

COLLEGE MATRICULATION 2019-22

Historically, 100 percent of FWCD graduates attend four-year colleges or universities. STATEMENT ON CLASS RANK

FWCD, like many independent schools of comparable caliber, **does not rank its students.** Since admission is highly selective and the tested aptitudes are well above the national average, rank in class cannot be regarded as a valid indication of preparation for college.

POLICY ON DISCIPLINE

Students and college counselors will work together to address questions about serious disciplinary infractions. Suspensions are reported when requested on college applications.
